

RSEEP
BY SEREZLI

Founded in 1992, Orsep Mobilya has grown as a family-owned company and continues its journey today under the brand Orsep by Serezli, bringing new projects to life with the same passion and craftsmanship. Embracing quality not as a goal but as a way of life, our brand has earned a distinguished place in the furniture industry through its original design approach, high production standards, and attention to detail.

Since our foundation, we have proudly completed numerous projects both in Turkey and abroad. By combining aesthetics, functionality, and durability, we create spaces that carry identity and character. Our ever-expanding production facility – where modern technology meets handcrafted expertise – has positioned us as a brand that makes a true difference in the field.

Blending CNC precision with the finesse of artisanal craftsmanship, we deliver flawless solutions for every scale – from large projects to bespoke designs. At Orsep by Serezli, we value quality, sustainability, and timeless elegance in every step of our process.

While dedicating a significant portion of our capacity to international projects, we continue to meet the growing needs of the domestic market with the same care and commitment. The visuals on our website represent only a glimpse of our capabilities, carefully selected from recent works that best reflect our craftsmanship and design philosophy.

**Every idea is valuable to us. Every design tells a story.
Tell us your vision – we'll make it real.**

1992 yılında temelleri atılan Orsep Mobilya, aile şirketi yapısıyla büyüyerek bugün Orsep by Serezli markası adı altında yeni projelere imza atmaktadır. Kaliteyi bir hedef değil, bir yaşam biçimi olarak benimseyen markamız; özgün tasarım anlayışı, yüksek üretim standartları ve detaylara verdiği önemle mobilya sektöründe seçkin bir konuma ulaşmıştır.

Kurulduğumuz günden bu yana, hem yurt içinde hem yurt dışında sayısız projeye imza atarken; estetik, işlevsellik ve dayanıklılığı bir araya getiren özel üretimlerimizle mekânlara kimlik kazandırıyoruz. Her geçen gün genişleyen üretim parkurumuz ve teknolojiyle el emeğini buluşturan yapımız, bizi alanımızda fark yaratan bir marka haline getirmiştir.

CNC destekli seri üretim kapasitemizi, zarafetin ve ustalığın simgesi olan el işçiliğiyle harmanlayarak; büyük ölçekli projelerden butik tasarımlara kadar her ölçekte kusursuz çözümler sunuyoruz. Orsep by Serezli olarak, her üretimimizde kaliteyi, sürdürülebilirliği ve estetik değeri ön planda tutuyoruz.

Üretim kapasitemizin önemli bir kısmını uluslararası projelere ayırırken, yerel pazarda da artan taleplere aynı özen ve titizlikle cevap vermekteyiz. Web sitemizde yer alan görseller, yalnızca üretim gücümüzün küçük bir yansıması; her biri son yıllarda gerçekleştirdiğimiz özel uygulamalardan özenle seçilmiştir.

Bizim için her fikir değerlidir, her tasarım bir hikâye taşır.
Siz söyleyin, bir gerçeğe dönüştürelim.
